To whom it may concern:

The RACHEL software package is a creation of the U.S. based nonprofit organization World Possible, registered as a 501(c)(3) nonprofit with the Internal Revenue Service and Secretary of State of the United States.

RACHEL is a collection of content licensed under the Creative Commons Attribution-NonCommercial-ShareAlike 3.0 Unported License.

You can use and distribute this offline version except for any commercial purpose, like selling it in any way. You can only distribute it for free, and you must keep the attribution and the "About" section ([about.html](#)).

The actual educational content made available offline in a RACHEL server is owned by their own creators and also licensed for free (noncommercial) use.

For any questions please contact info@worldpossible.org.

Thank you,

A handwritten signature in black ink, appearing to read "Jeremy Schwartz", with a long horizontal flourish extending to the right.
